To Whom It May Concern:

I am very pleased to write this letter of reference on behalf of Antwan Meave. EFoods Import Inc. imports and pasteurizes fresh produce from Mexico requiring communications with trucking companies, inspectors, and the Texas A&M EBeam facility. Using computers and having a reliable network is very important to my communications. Antwan has troubleshooted problems for me for my computer, printer, and network. From 2020 to 2021 Antwan showed strong analytical and problem-solving skills. I had been impressed by his outstanding diligence and high level of technical expertise. Indeed, I have been more than satisfied with our working relationship during this period.

Antwan is a highly intelligent person, and he is also a very hard worker. He has tackled every project assigned to him with motivation and competence. He invariably understands exactly what the project is all about from the outset and how to get it done quickly and effectively. He is a quick learner and fixed problems with technical appliances that I use. He is an example employee every employer should want, accountable and responsible, with a superior work ethic and high degree of integrity.

I recommend Antwan Meave without reservation, and I am confident he will be a great addition and asset to your team. Please do not hesitate to contact me if you should have any need for additional information about this outstanding person.

Gerardo Meave
President & Founder
